

Our Covid 19 Response Plan

REOPENING IN 4 STAGES

1

APPLY NEW PROTOCOLS

Our team will incorporate the safety guidance from BC and learn to use personal protective equipment.

2

PREPARE FOR NEW WORKFLOW

To make our office safe we will modify the physical space and practice new systems as a team.

3

REOPEN OFFICE ON JUNE 2

Hygiene will be limited to manual scaling. Extra time will be taken between appointments and capacity decreased.

4

INCREASE OUR CAPACITY

We will carefully assess our capacity for additional appointments and only increase them if it is safe.

PREVENTING INFECTION & EXPOSURE

PERSONAL PROTECTIVE EQUIPMENT

- Wear extra PPE like gloves, masks, gowns, and face shields.

PRE-SCREENING MEASURES

- Check the status of staff, patient questionnaires, contactless thermometer, and frequent hand washing

ADMINISTRATIVE SAFETY

- Monitor the schedule and appointments, consult by phone when possible, increased time between appointments

MAINTAINING A SAFE ENVIRONMENT

- Plexiglass barrier for front desk, removal of waiting room area, visual cues to maintain safe distance, increased disinfection

COMMITMENT TO PUBLIC HEALTH

- Remain flexible to updated guidelines, follow best practices on developing issues, implement public health measures
